RE: Hiring Services

Dear Bryan,

Please accept this letter of appreciation for you and your staff for the successful selection of our Account Manager.

The hiring process is one no company wants to be bothered with. It's a tedious task that takes a lot of time to complete. Once we received the phone call from Cosmos Sports we became very interested in their services and what they had to offer us. Upon learning more about their hiring services we were glad to have conduct our search.

Based on our needs, Cosmos recommended several outstanding candidates for the position. They knew the exact candidate we were looking for to fit our organization. In the end, Cosmos handled all the hard work while alleviating us of the hiring process and ultimately provided us with an excellent candidate.

Cosmos knows the sports business, the people, and the landscape. They understood our business and needs on every level. I couldn't be happier with how exceptional Cosmos Sports services were and how well they treated us. They met and exceeded all are expectations. I would highly recommend Cosmos Sports to anyone who is looking to hire!

Sincerely,

Juha Mikkola  
President
